MEMORANDUM FOR Commander, Headquarters, 357th Air and Missile Defense
Detachment, CMR 422, APO AE 09067

SUBJECT: Shoulder Sleeve Insignia for the 357th Air and Missile Defense
Detachment

1. A shoulder sleeve insignia is authorized effective this date for wear by the 357th Air and Missile Defense Detachment. The description and symbolism of the design are as follows:

DESCRIPTION

A shield shaped embroidered device 3 1/4 inches (8.26 cm) in height by 2 5/8 inches (6.67 cm) in width overall edged with a 1/8 inch (.32 cm) yellow border, consisting of a scarlet shield with three yellow piles and a scarlet demi-burst of nine points issuing from the top, all counterchanged.

SYMBOLISM

Scarlet and yellow are associated with Artillery. The three piles represent searchlight beams, referring to the unit campaign missions in Germany as the 357th Searchlight Detachment during World War II. The demi-burst represents the destruction of enemy targets by the unit.
